REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Trustees
Community College of Philadelphia
(A Component Unit of the City of Philadelphia)

Report on the financial statements**Opinions**

We have audited the financial statements of the business-type activities and the aggregate discretely presented component units of the Community College of Philadelphia (“the College”), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the College’s basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the College as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for opinions

We conducted our audit of the financial statements in accordance with auditing standards generally accepted in the United States of America (“US GAAS”) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (“*Government Auditing Standards*”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required supplementary information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis included on pages 7 through 14 and the required supplementary information on pages 52 through 54 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an

essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with US GAAS. These limited procedures consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The other supplementary information, comprised of the reformatted schedule of net position, reformatted schedule of activities, and the schedule of changes in capital asset balances on pages 56 through 58 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with US GAAS. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other information

Management is responsible for the other information included in the annual report. The other information comprises the statistical section and demographic statistics on pages 60 through 68 and is presented for purposes of additional analysis, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other reporting required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 24, 2024, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

June 30, 2024

INTRODUCTION

This Management's Discussion and Analysis ("MD&A") is based upon facts, decisions, and conditions known as of the date of the audit report. The MD&A should be read in conjunction with the financial statements and accompanying notes that follow this section.

Community College of Philadelphia (the "College") has prepared its financial statements in accordance with Governmental Accounting Standards Board ("GASB") principles, which establish standards for external financial reporting for public colleges and universities and require the financial statements presented to focus on the College as a whole.

The financial results of Community College of Philadelphia Foundation (the "Foundation") and CCP Development, LLC are reported as discrete component units. The Foundation was incorporated exclusively to secure philanthropic funding to benefit academic and student success. CCP Development, LLC was organized as a qualified active low-income community business ("QALICB") to secure new market tax credit funding for the construction of the College's Career and Advanced Technology Center at 4750 Market Street, Philadelphia, Pennsylvania.

Financial and Institutional Highlights

- The College continued its commitment to keep higher education affordable for all Philadelphia residents. Tuition has remained unchanged at \$159 per credit since fall of 2017.
- The College continued its efforts to set the trajectory for greater student success guided by the collective efforts of faculty, staff, and students. Student intake and onboarding now includes intentional advising and individually designed support.
- The College distributed more than \$100,000 in emergency funds directly to students experiencing crises who would have otherwise withdrawn from the College.
- The College continued its successful pilot program where students with more than 30 credits receive additional time to satisfy outstanding balances without fear of being dropped for nonpayment. Over 1,000 students were able to continue taking classes, contributing to retention and revenue growth.
- The new Food Pantry was established to address food insecurity among the College's students. Students can receive Snack Packs and Family Foodie Bags from the Food Pantry. The Food Pantry is funded by internal and external donations.
- The City of Philadelphia (the "City"), under its new Mayor, is funding a first-in-the nation City College for Municipal Employment. This new initiative at the College began with the first cohort in fall 2024. The goal is to develop talent and create pathways to jobs at the City.
- The Catto Scholarship was offered for the fourth year with 1,820 students receiving free tuition, books, and monthly stipends. The Catto Scholarship is a bold anti-poverty initiative sponsored by the City of Philadelphia. The Scholarship provides comprehensive wraparound services including individualized success coaching, last-dollar tuition funding, and financial support to cover the cost of student basic needs such as food, transportation, and books. The enrollment in Catto has reached maximum capacity and has a steady waitlist. For the 2023-2024 academic year, the City allocated \$11.7 million to the College to support the Catto Scholarship program.

- The College continued supporting high school students to enroll in college level courses via contracts with the School District of Philadelphia. High school students enrolled in Gateway to College or Parkway Center City Middle College High School will graduate with a high school diploma and College credits up to an Associate's degree.
- In Spring 2024, the Toyota T-TEN program certified the College's Career and Advanced Technology Center ("CATC") at West Philadelphia as one of 36 national certified technicians training sites. This site is the only one of its kind in the region.
- In Spring 2024, a new partnership was established between College and Lincoln University to allow qualified Lincoln graduates to earn a post-baccalaureate associate's degree in nursing from the College. The healthcare programs continue to have over 90% passing rate in licensure exams, with programs like Nursing and Diagnostic Medical Imaging having 100% passing rates for all the students.
- During the year the College offered new certificate programs in Insurance and Interdisciplinary Analysis and Critical Reasoning, Restorative Justice, and Video Game Audio. Other notable new degree and certificate programs approved for Fall 2024 include Community Health and Wellness Proficiency Certificate; the Pre-Doctorate in Pharmacy Proficiency Certificate ("PAPC") and Real Estate Proficiency Certificate ("REPC").
- Over 300 classrooms (more than 95%) are now outfitted with large interactive display monitors. Each classroom is also equipped with a web camera. The College also offered Hybrid Flexible (or HyFlex) model allowing students to choose how to attend class on any given day. Students have the option to attend classes either face-to-face or synchronous via Zoom, or completely asynchronously.
- Additional software and hardware are being implemented to support teaching and learning, including a 24/7 helpdesk chatbot with knowledgebase and extended reality (virtual reality, mixed reality, and augmented reality) platforms.
- A student equity initiative was launched two years ago with the goal of closing the achievement gap of underrepresented populations. Last year the focus was on supporting students with invisible disabilities. This year the focus of the equity initiative included learning opportunities for faculty in the areas of: grading for equity; Critical Race Theory; using data to guide equity work; and ensuring equity and inclusion in the online environment.
- The Jr. STEM Academy at CATC continued to offer after school and summer programming in robotics; drone building, programming, and operation; app development; and advanced manufacturing to students from West Philadelphia middle schools.
- Enrollment continues to trend upwards. Total enrollment increased 4.6% from 16,769 students to 17,537 students while total credit hours increased 6.7% from 227,709 credit hours to 243,045 credit hours.
- In April 2024, the College launched a comprehensive new brand, visual identity, and website aimed directly at increasing student enrollment and affiliation. Messaging, look, and feel were developed based on extensive research and interviews with current and prospective students.
- Moody's affirmed the College A3 issuer and revenue bond ratings, maintaining a stable outlook. This rating is a positive indicator for the College, suggesting confidence in its financial practices and stability.

Overview of Financial Statements

The College's financial statements focus on the College as a whole, rather than upon individual funds or activities. The GASB reporting model is designed to provide readers with a broad overview of the College's finances and is comprised of three basic statements:

- The *Statement of Net Position* presents information on the College's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets serve as one indicator of how the financial position of the College is changing.
- The *Statement of Revenues, Expenses and Changes in Net Position* presents information showing how the College's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.
- The *Statement of Cash Flows* is reported using the direct method. The direct method of cash flow reporting portrays net cash flows from operations, financing, and investing receipts and disbursements.

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes contain details on both the accounting policies and procedures that the College has adopted, as well as additional information about amounts reported in the financial statements.

Net Position

At June 30, 2024, the College's net position was \$56.9 million, with liabilities of \$253.6 million and assets of \$339.6 million. Net position increased by \$42.5 million in 2024 prior to recording the impact of the post-employment benefit liability. Unrestricted net position improved from a negative \$82.0 million to a negative \$42.5 million. Absent the cumulative impact of the post-employment benefit liability ("GASB 75 and 68") reporting requirements, unrestricted net position would currently be at a level of positive \$116.0 million. The other factor contributing to the change in the unrestricted net position value was unfunded depreciation expense for 2024 in the amount of \$8.8 million.

Unrestricted	(42.5)	(82.0)
Total net position	\$ 56.8	\$ 18.7

Assets

Current assets increased by \$4.0 million during 2024. Short-term investments, accounts receivable and other assets decreased due to timing differences offset by increase in receivable from government agencies.

Noncurrent assets increased by \$3.1 million. This is primarily attributable to the increase in value of long-term investments. Bond proceeds available for campus construction decreased as construction of the Library and Learning Commons and the Center for Advanced Technology progressed towards completion. The College's capital assets as of June 30, 2024 net of accumulated depreciation were \$175.4 million, an increase of \$0.6 million over the amount reported for 2023 of \$174.8 million. The increase in the net value of capital assets is related to the increase in the value of capital additions exceeding the accumulated depreciation. Total current liabilities decreased by \$12.0 million in 2024. Accounts payable and accrued liabilities decreased by \$4.6 million primarily due to timing. Unearned revenue decreased by \$8.3 million due to the College's receipt of \$15.0 million from the City for future capital projects in 2023 which were completed in 2024.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2024

The College's outstanding long-term debt was \$55.3 million as of June 30, 2024, a decrease of \$6.2 million from June 2023. This decrease is due to the debt service payments made during the year. The pension liability amount of \$5.1 million related to GASB 68, which requires the College to record its relative proportion of the net funded status of certain state cost sharing pension plans. The cumulative estimated value for the accrued other post-employment benefit liability in 2024 and 2023 was \$158.5 million and \$154.2 million, respectively. Absent this reporting requirement, the College's net assets as of June 30, 2024 would have been at a level of \$215.3 million.

Statements of Revenues, Expenses and Changes in Net Position

The change in net position for 2024 and 2023 was a positive \$38.1 million and \$22.3 million, respectively. The following table quantifies the changes:

	Revenues, Expenses and Changes in Net Position	
	Year ended June 30,	
	2024	2023
	(in millions)	
Operating revenues:		
Net tuition and fees	\$ 20.6	\$ 23.2

Change in net position before other revenues	13.4	7.8
Capital appropriations	24.7	14.5
Total change in net position	\$ 38.1	\$ 22.3

Operating Revenues

The largest sources of operating revenue for the College are student tuition and fees and auxiliary enterprises revenues. In 2024, tuition charge was unchanged at \$159 per credit. The Technology Fee, General College Fee, and Course Fee also remained unchanged from prior year. The College charges course fees for selected high-cost courses. Course fees range from \$70 to \$690. Average total tuition and fee revenue per credit for 2024 was \$235.

Tuition and fee revenue totaled \$57.3 million in 2024 and \$55.0 million in 2023, an increase of 4.2%. Total enrolled credit headcount increased 6.2% for the same period.

MANAGEMENT’S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2024

Scholarship allowance amounts for 2024 and 2023 totaled \$36.7 million and \$31.8 million, respectively. The scholarship allowance represents tuition and fee payments made using public and private grants and scholarships. The increase in scholarship allowance amounts between 2024 and 2023 is reflective of the 1% increase in overall credit enrollment and maximum Pell award increasing from \$6,895 in 2022-2023 to \$7,395 in 2023-2024.

Non-operating Revenues

Commonwealth appropriations in 2024, excluding capital appropriations, totaled \$34.3 million, an increase of \$0.7 million or 2.1% over the \$33.6 million received in 2023.

Total 2024 City funding was \$48.0 million. Of the funding appropriation, \$38.6 million was used for operating budget purposes in 2024 and \$9.4 million was used for CATTO Scholarships. In 2023, \$33.9 million of the total appropriation was used for operating purposes and \$6.7 million was used for CATTO Scholarships. Net investment income was \$6.9 million in 2024 and \$3.8 million in 2023.

As shown above, non-operating revenues increased by 15.4% from \$124.8 million in 2023 to \$144.0 million in 2024 primarily due to the increase of \$7.4 million in City funding and \$2.9 million of other non-operating revenues.

Capital Appropriations

The Commonwealth provided capital funding for debt service and capital purchases in the amount of \$5.7 and \$4.7 for 2024. The College used \$4.6 million of the total City of Philadelphia appropriation of \$49.3 million in 2024 for debt service. In 2023, City of Philadelphia appropriations used for debt service were \$5.4 million. An additional \$10 million of funding was received from the City of Philadelphia in 2024. \$4.0 million was for operations and \$6.0 million was deferred for the City College Municipal Employment Project (“CCME”).

Auxiliary enterprises	0.4	0.5
	\$ 152.2	\$ 141.1
Total operating expenses	\$ 152.2	\$ 141.1

Exclusive of student aid and depreciation expenses, the College’s operating expenses totaled \$132.6 million in 2024 and \$122.4 million in 2023. On October 25, 2021, the College and the Faculty and Staff Federation (“Federation”) agreed to extend the Collective Bargaining Agreements through August 31, 2024. The College and the Federation are currently negotiating the terms of successor Collective Bargaining Agreements.

NOTES TO FINANCIAL STATEMENTS

June 30, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Community College of Philadelphia (the “College”) operates in accordance with the provisions of Commonwealth of Pennsylvania (the “Commonwealth”) legislation and through the sponsorship of the City of Philadelphia (the “City”). For financial reporting purposes, the College has been determined to be a component unit of the City, and, as such, has adopted the applicable provisions of the GASB.

Component Units

In accordance with GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an Amendment of GASB Statements No. 14 and No. 34*, GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units - an Amendment of GASB Statement No. 14*, GASB Statement No. 80, *Blending Requirements for Certain Component Units – an Amendment of GASB Statement No. 14*, and GASB Statement No. 14, *The Financial Reporting Entity*, the College has determined that the Community College of Philadelphia Foundation (the “Foundation”) and CCP Development LLC should be included in the College’s financial statements as discretely presented component units. A component unit is a legally separate organization for which the primary institution is financially accountable or to which the primary institution is closely related.

The Foundation was established to serve as an organization responsible for college fundraising activities. The bylaws of the Foundation give the College’s board of trustees the authority to amend the Articles of Incorporation of the Foundation at any time. Although the College does not control the timing or amount of receipts from the Foundation, the resources, or income thereon, the Foundation holds investments that are used exclusively for the benefit, support, and promotion of the College for its educational activities. Because these resources held by the Foundation can only be used by, or for the benefit of, the College, the Foundation is considered a component unit of the College and is discretely presented in the College’s financial statements.

CCP Development, LLC was established on October 20, 2020 under the Limited Liability Company Law of the Commonwealth of Pennsylvania and organized as a Qualified Active Low Income Community Business (“QALICB”) to secure NMTC to finance the construction of a career-based education and training facility at 4750 Market Street, Philadelphia, Pennsylvania. The facility creates jobs and provides training for the low-income community where it is located. CCP Development, LLC is 90% owned by the College and 10% owned by Career and Advanced Technology Center, Inc., a 501(c)3 corporation. Because of its relationship with the College, CCP Development, LLC is considered a component unit of the College and is discretely presented in the College’s financial statements.

Measurement Focus, Basis of Accounting, and Basis of Presentation

The accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“US GAAP”), as prescribed by the GASB. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

The College has determined that it functions as a Business-Type Activity, as defined by the GASB. The effect of interfund activity has been eliminated from these financial statements.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2024

The College's policy is to define operating activities in the statement of revenues, expenses and changes in net position as those that generally result from exchange transactions such as the payment received for services and payment made for the purchase of goods and services. Certain other transactions are reported as non-operating activities. These non-operating activities include the College's operating and capital appropriations from the Commonwealth and the City; federal, Commonwealth, and private grants; net investment income; gifts; interest expense; and gains/losses on disposals of capital assets.

Government Appropriations

Revenue from the Commonwealth and the City is recognized in the fiscal year during which the funds are appropriated to the College. The College is fiscally dependent upon these appropriations. Specific accounting policies with regard to government appropriations are as follows:

Commonwealth of Pennsylvania

General Commonwealth legislation establishing community colleges provides for the reimbursement of certain college expenses from Commonwealth funds appropriated for this purpose. Act 46 enacted in July 2005 changed the original basis of allocating operating funds to Commonwealth community colleges from a formula approach based upon full-time equivalent ("FTE") students taught in the current fiscal year to a Commonwealth-wide community college appropriation. Under Act 46, the Commonwealth-wide operating budget appropriation for community colleges is to be distributed among each of the 14 colleges in three parts: base funding, growth funding and high-priority (economic development) program funding. The provisions of Act 46 are intended to ensure that base operating funding for each college will at least equal the amount of funds received in the prior year. Annually, 25% of any new dollars in the operating funding granted community colleges is to be distributed proportionally among the colleges experiencing growth in the prior year based upon their share of the FTE growth. Colleges whose enrollments are stable, or decline, do not receive any increase from the growth funding.

The other significant operating funding change as a result of Act 46 was the establishment of Economic Development (high priority) program funding. High-priority program funding is based upon prior year enrollments in program areas defined by the Commonwealth to contribute to trained worker growth in critical employment areas. Using prior year FTE enrollments in targeted programs as the allocation mechanism, each college is to receive a proportionate share of the available funds allocated to high-priority programs.

For 2024, the provisions of Act 46 were not followed in allocating operational funds to Pennsylvania community colleges. Instead, the 2023-24 operating allocations for community colleges were based on the General Appropriation Act of 2021, Act 1A.

Previously, under the provisions of Act 46, a separate revolving pool was established for community college capital funding. Capital funding, which may include major equipment and furniture purchases, capital improvements to buildings and grounds, debt service on major capital projects, and net rental costs for eligible capital leases, is reimbursed at the rate of 50%. Capital costs not previously approved for annual funding are subject to a competitive application process, with the allocation of available funds made by the Pennsylvania Department of Education using Commonwealth-wide criteria.

Any excesses or deficiencies between provisional payments and the final annual reimbursement calculation of annual Commonwealth funding are reflected as a payable or receivable from the Commonwealth.

Net Position

The College classifies its net position into the following four net position categories:

Net investment in capital assets: Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, repair, or improvement of those assets.

Restricted - nonexpendable: Net position subject to externally imposed conditions that the College must maintain them in perpetuity.

Restricted - expendable: Net position whose use is subject to externally imposed conditions that can be fulfilled by the actions of the College or by the passage of time.

Unrestricted: All other categories of net position. Unrestricted net position may be designated by actions of the College's Board of Trustees.

The College has adopted a policy of generally utilizing restricted - expendable funds, when available, prior to unrestricted funds.

Cash and Cash Equivalents

The College considers all cash accounts and demand deposits with financial banking institutions to be cash. The College considers all short-term investments (primarily certificates of deposit) with a maturity of 90 days or less to be cash equivalents.

Investments

Investments in marketable securities are stated at fair value. Valuations for non-marketable securities are provided by external investment managers and are based upon net asset value ("NAV") as provided by investment managers.

Dividends, interest and net gains or losses on investments of endowments and similar funds are reported in the statement of revenues, expenses and changes in net position. Any net earnings not expended are included in net position categories as follows:

1. As increases in restricted - nonexpendable net position if the terms of the gift require that they be added to the principal of a permanent endowment fund;
2. As increases in restricted - expendable net position if the terms of the gift or the College's interpretation of relevant Commonwealth law impose restrictions on the current use of the income or net gains; and
3. As increases in unrestricted net position in all other cases.

The College policy permits investments in obligations of the U.S. Treasury, certificates of deposit, commercial paper rated A1 by Standard and Poor's Corporation or P1 by Moody's Commercial Paper Record, bankers' acceptances, repurchase agreements, and the Commonfund's Intermediate Term Fund and Multi-Strategy Bond Fund, and specifically approved fixed income securities.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2024

Lease Receivables

Lease receivables are recorded by the College as the present value of lease payments expected to be received under all leases other than short-term. Lease receivables are subsequently reduced over the life of the lease as cash is received in the applicable reporting period. Short-term leases, those with a maximum period of 12 months, are recognized as collected.

Capital Assets

Real estate assets, including improvements, are generally stated at cost. Furnishings and equipment are stated at cost at date of acquisition or, in the case of gifts, at fair value at date of donation.

Assets are depreciated using the straight-line method. The range of estimated useful lives by asset categories is summarized as follows:

<u>Asset Category</u>	<u>Years</u>
Buildings and improvements	10 to 50
Equipment and furniture	3 to 10
Library books	10
Microforms	5
Software	3
System software	10

The costs of normal maintenance and repairs that do not increase the value of the asset or materially extend assets' lives are not capitalized.

Right-to-Use Lease Assets and Lease Liability

Right-to-use ("ROU") assets are recognized at the lease commencement date and represent the College's right to use an underlying asset for the lease term. ROU assets are measured at the initial value of the lease liability plus any payments made to the lessor before commencement and initial direct costs. These assets are included within capital assets, net, on the statement of net position.

Lease liabilities represent the College's obligation to make lease payments arising from leases other than short-term leases. Lease liabilities are recognized at the lease commencement date based on the present value of future lease payments over the remaining lease term. Present value of lease payments is discounted at the College's incremental borrowing rate. Short-term leases, those with a maximum period of 12 months, are expensed as incurred.

Right-to-Use Subscription Assets and Subscription Liability (SBITAs)

ROU SBITA assets are initially measured at an amount equal to the initial measurement of the related SBITA liability plus any SBITA payments made prior to the subscription term, less SBITA incentives, and plus any ancillary charges necessary to place the SBITA into service. The SBITA assets are amortized on a straight-line basis over the life of the related contract. These assets are included within capital assets, net, on the statement of net position.

Community College of Philadelphia
(A Component Unit of the City of Philadelphia)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2024

SBITA liabilities represent the College's obligation to make SBITA payments arising from contracts other than short-term SBITAs. SBITA liabilities are recognized at the SBITA commencement date based on the present value of future SBITA payments over the remaining SBITA term. Present value of SBITA payments is discounted at the College's incremental borrowing rate. Short-term SBITAs, those with a maximum period of 12 months, are expensed as incurred. SBITAs which are based on variable payments (or user seats) are not recorded as subscription assets or liabilities and are expensed as incurred.

Compensated Absences

Employees earn the right to be compensated during absences for vacation leave and sick leave. Accrued vacation is the amount earned by all eligible employees through the statement of net position date. Upon retirement, these employees are entitled to receive payment for this accrued balance as defined in the College policy and collective bargaining agreements.

Deposits and Unearned Revenue

Deposits and advance payments received for tuition and fees related to certain summer programs and tuition received for the following academic year are deferred and are recorded as revenues when instruction is provided. Grant funds collected in advance of the College incurring eligible expenditures are recorded as unearned revenue in the statement of net position.

Student Fees

Student fees for the year ended June 30, 2024 are general college fees of \$991,972, which have been designated for use by the various student organizations and activities.

Tax Status

The College generally is exempt from federal and Commonwealth taxes due to its status as an unincorporated association established by the Pennsylvania Community College Act of 1963 ("the Act"). Under the Act, community colleges are activities of the Commonwealth.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the allowance for doubtful accounts, useful lives of capital assets, assumptions related to self-insurance reserves, assumptions related to lease and SBITA discount rates, and assumptions related to pension and other post-employment benefit accruals. Actual results could differ from those estimates.

Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statements of revenues, expenses and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the College and the amount that is paid by students and/or third parties making payments on students' behalf. Certain governmental grants are recorded as either operating or non-operating revenues in the College's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the College has recorded a scholarship discount and allowance.

Self-Insurance

The College participates in a self-insurance medical plan with a reinsurance limit of \$250,000 to limit institutional financial exposure for individuals with extraordinarily large claims in a policy year. The College has established a self-insurance accrued liability account for incurred claims, as well as an estimate of claims incurred but not reported. The College's self-insurance liability at June 30, 2024 was \$1,600,500 based upon an actuarial calculation based upon historical claim experience.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to future periods and will not be recognized as an outflow of resources until that time. In addition to liabilities, the statement of net position includes a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of a net position that applies to future periods and will not be recognized as an inflow of resources until that time. The College's deferred outflow/inflow relates to amounts recorded in connection with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* (GASB 68), amounts recorded in connection with GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions* (GASB 75), GASB Statement No. 87, *Leases*, as well as the advance refunding of the 2008 Series Community College Revenue Bonds in September 2015. See Notes E, H, and J for additional details.

Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the State Employees Retirement System ("SERS") and the Pennsylvania Public School Employees Retirement System ("PSERS") and additions to/deductions from the SERS' and PSERS' fiduciary net position have been determined on the same basis as they are reported by SERS/PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Pending Accounting Pronouncement

In June 2022, the GASB issued Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for periods beginning after December 15, 2023, and all reporting periods thereafter. The College has not yet determined the impact of the Statement on the financial statements.

NOTE B - DEPOSITS AND INVESTMENTS

The College invests its funds in accordance with the Board of Trustees' investment policy, which authorizes the College to invest in cash equivalents which consist of treasury bills, money market funds, commercial paper, bankers' acceptances, repurchase agreements and certificates of deposit; fixed income securities including U.S. government and agency securities, corporate notes and bonds, asset-backed bonds, floating rate securities and Yankee notes and bonds; stock equities and mutual funds including the Commonfund Multi-Strategy Bond Fund, Commonfund Intermediate Fund and Core Equity Fund. Regardless of fund classifications, certain general tenets apply. Investments in all classifications seek to maintain significant liquidity and maximize annual income for the College while avoiding excessive risk. Specific objectives include maintaining sufficient liquidity to meet anticipated cash needs and the preservation of principal. The College recognizes that it may be necessary to forego opportunities for potential large gains to achieve a reasonable risk posture. Certain investments are prohibited, including commodities and futures contracts, private placements, options, limited partnerships, venture capital, tangible personal property, direct real estate, short-selling, margin transactions and certain derivative instruments. Diversification, insofar as it reduces portfolio risk, is required. The Investment Subcommittee of the Business Affairs Committee meets quarterly to oversee the College's investment portfolio, guidelines, and to consider any recommended changes. At least annually, the Business Affairs Committee will report to the Executive Committee on the performance of the investments and recommended changes, if any.

Fixed-income portfolio must be of investment grade overall (equivalent of Moody's credit rating of Baa3 rating or higher). The average quality rating for the corporate bond portfolio should not fall below Moody's rating of AA3.

Deposits are comprised of demand deposit accounts with financial institutions. At June 30, 2024, cash on hand was \$4,000. At June 30, 2024, the carrying amount of deposits was \$64,528,038 and the bank balance was \$57,868,928. The differences were caused primarily by items in transit.

In addition to the deposits and investments listed above, the College also has bond proceeds available for campus construction held by State Public School Building Authority, and the Bank of New York (the trustees), under the terms of various bond indentures. Bond proceeds available for campus construction are carried in the financial statements at fair value and consist of short-term investments and government securities. As of June 30, 2024, bond proceeds available for campus construction were \$6,901,647.

The College's investments are subject to various risks. Among these risks are custodial credit risk, credit risk, and interest rate risk. Each one of these risks is discussed in more detail below.

Custodial credit risk is the risk that in the event of a bank failure, the College's deposits may not be returned to the College. The College does not have a deposit policy for custodial credit risk. Commonwealth of Pennsylvania Act 72 of 1971, as amended, allows banking institutions to satisfy the collateralization requirement by pooling eligible investments to cover total public funds on deposit in excess of federal insurance. Such pooled collateral is pledged with the financial institutions' trust departments.

At June 30, 2024, the College's bank balance was exposed to custodial credit risk as follows:

Uninsured and collateral held by pledging bank's trust department not in the College's name	<u>\$ 64,528,038</u>

The College participates in the Certificate of Deposit Account Registry Service (“CDARS”) for its certificates of deposit and Insured Cash Sweep (“ICS”). CDARS and ICS allow the College to access Federal Deposit Insurance Corporation insurance on multi-million-dollar certificates of deposit and money market deposit accounts to earn rates that compare favorably to treasuries and money market mutual funds. Custodial credit risk has been eliminated for the College’s certificates of deposit as a result of its participation in the CDARS program.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The credit risk of a debt instrument is measured by nationally recognized statistical rating agencies such as Moody’s.

The multi-strategy bond mutual fund and the intermediate fixed income mutual fund are mutual funds managed by the Commonfund. The credit quality of the investments that comprise these funds at June 30, 2024 are:

	Multi-Strategy Bond	Intermediate Fixed Income
Government	21%	32%
Agency	22	21

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of fixed income investments. The College's investment policy does not specifically address limitations in the maturities of investments. The weighted average maturities of the College's fixed income investments at June 30, 2024 are as follows:

	Weighted-Average Maturity (Years)
U.S. Treasury obligations	3.89
U.S. government agency obligations	3.17
Corporate and foreign bonds	4.33

The College categorizes its fair value measurements within the fair value hierarchy established by US GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, and Level 3 inputs are significant unobservable inputs.

The College has the following recurring fair value measurements as of June 30, 2024:

Demand deposits, U.S. Treasury obligations, U.S. government agency obligations, equity mutual funds and money market mutual funds of \$86,936,801 are valued using quoted market prices (Level 1 inputs).

Corporate and foreign bonds of \$3,285,096 are valued using a matrix pricing model (Level 2 inputs), while the intermediate fixed income mutual fund and the multi-strategy bond mutual fund totaling \$10,747,493 are valued at the NAV per share (or its equivalent) of the investments (Level 2 inputs).

The Foundation has the following recurring fair value measurements as of June 30, 2024:

Demand deposits, equity mutual fund, and money market mutual funds of \$17,183,022 are valued using quoted market prices (Level 1 inputs).

The fixed income mutual funds of \$5,733,391 are valued at the NAV per share (or its equivalent) of the investments (Level 2 inputs).

CCP Development, LLC has the following recurring fair value measurements as of June 30, 2024:

Demand deposits \$3,101,333 are valued using quoted market prices (Level 1 inputs).

The valuation method for investments measured at the NAV per share (or its equivalent) at June 30, 2024 are presented in the following table:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Intermediate term fixed income mutual fund ⁽¹⁾	\$ 5,376,979	-	Monthly	30 days
Multi-strategy bond mutual fund ⁽²⁾	<u>5,370,514</u>	-	Weekly	7 days
Total investments measured at NAV	<u>\$ 10,747,493</u>			

⁽¹⁾ *Intermediate Fixed Income Mutual Fund.* The investment objective of the Intermediate Term Fund is to produce a total return in excess of its benchmark, the Bank of America Merrill Lynch one to three Year Treasury Index but attaches greater emphasis to its goal of generating a higher current yield than short-term money market investments in a manner that mitigates the chances of a negative total return over any 12-month period. The fair values of the investments in this type have been determined using the NAV per share (or its equivalent) of the investments.

⁽²⁾ *Multi-Strategy Bond Mutual Fund.* The investment objective of the Multi-Strategy Bond Fund is to offer an actively managed, multi-manager investment program that will provide broad exposure to global debt markets. The fund seeks to add value above the return of the broad U.S. bond market as measured by the Barclays Capital U.S. Aggregate Bond Index, net of fees, and to provide competitive returns relative to the Russell U.S. Core Plus Fixed Income Universe. The fund's risk characteristics will vary from those of the index due to its diversified exposures to sectors outside of the index, including below investment grade debt and international bond and currency markets. The fair values of the investments in this type have been determined using the NAV per share (or its equivalent) of the investments.

NOTE E - LEASES

Leases Where College is the Lessor

On May 17, 2017, the College entered into a ground lease agreement with RPG Hamilton. The lease term is for 75 years with an option to extend the lease for an additional 24 years. Annual lease rental is payable to the College every quarter. The agreement allows RPG Hamilton to develop, operate and manage a mixed-use development to be built in two phases. Phase 1 consists of 2,000 square feet of retail space, 47,800 square feet of parking, and 290 apartments. Phase 1 was completed on April 5, 2019. Phase 2 consists of 297 apartment units. Phase 2 was completed on October 18, 2021. The addition of housing,

The 2020 Series Bonds were issued prior to the closing of the new market tax credit transaction which occurred on December 9, 2020. A portion of the proceeds of the 2020 Series Bonds was used as a leveraged loan to an investment fund which in turn, through three community development entities, lent such proceeds to CCP Development, LLC, which is 90% owned by the College and 10% owned by Career and Advanced Technology Center, Inc., a 501(c)(3) tax-exempt nonprofit corporation. CCP Development, LLC will use the proceeds and net new market tax credit equity received to construct the Career and Advanced Technology Center. The loan to CCP Development, LLC is secured by a first priority mortgage and lien on the Career and Advanced Technology Center. All of the foregoing components of the 2020 Capital Project will be used in conjunction with College's operation of its community college buildings in furtherance of its educational mission. Refer to Note O for additional details.

NOTE J - EMPLOYEE BENEFITS

Retirement benefits are provided for substantially all employees through payments to one of the board authorized retirement programs. Although the College does not offer participation in the Pennsylvania State Employees' Retirement System ("SERS") or the Public School Employees' Retirement System ("PSERS"), it has grandfathered continued participation for those employees currently enrolled. The College has 12 employees participating in the SERS and 23 employees in the PSERS.

Defined Benefit Plans

The PSERS and SERS are cost-sharing multiple employer-defined benefit plans and are administered by the Commonwealth as established under legislative authority. The financial statements for PSERS and SERS can be obtained from the following: Commonwealth of Pennsylvania, Public School Employees' Retirement System, 5 North Fifth Street, P.O. Box 125, Harrisburg, PA 17108 0125; and Commonwealth of Pennsylvania, State Employees' Retirement System, 30 North Third Street, P.O. Box 1147, Harrisburg, PA 17108-1147.

Benefits Provided

PSERS and SERS provide retirement, disability, and death benefits. For PSERS, retirement benefits are determined as 2.00% or 2.50% (depending on membership class), of the individual's final average salary multiplied by the number of years of credited service. After completion of five years of service, an individual's right to defined benefits is vested, and early retirement may be elected. Individuals are eligible for disability retirement benefits after completion of five years of credited service. Such disability benefits are generally equal to 2.00% to 2.50% (depending on membership class) of the member's final average salary multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Death benefits are payable upon the death

of an active member who has reached age 62 with at least one year of credited service. Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

For SERS, retirement benefits are determined at 2.00% or 2.50% (depending on membership date) of the highest three-year average salary times the number of years of service. The vesting period is either five or 10 years (depending on membership date) of credited service.

Contributions

For PSERS, the contribution policy is set by Commonwealth statutes and requires contributions by active members, employers and the Commonwealth of Pennsylvania. Funding percentages are determined by the plan in accordance with actuarial calculations and are based on covered payroll. Currently, for full time faculty, administrators and other staff, the College contributes 34.00% of all earnings as long as contributions are adequate to accumulate assets to pay retirement benefits when due. Employee contributions are 6.50% of all earnings for members prior to July 22, 1983 and 7.50% of all earnings for members after July 22, 1983.

For SERS, the contribution policy is set by Commonwealth statutes and requires contributions by active members, employers and the Commonwealth of Pennsylvania. Funding percentages are determined by the plan in accordance with actuarial calculations and are based on covered payroll. Currently, for full-time faculty, administrators and other staff, the College contributes 27.60%, 32.24%, and 41.09% of all earnings as long as contributions are adequate to accumulate assets to pay retirement benefits when due. Employee contributions are 6.25% of all earnings.

Pension Liabilities, Pension Expense, and Deferred Outflows and Inflows of Resources

At June 30, 2024, the College reported a liability of \$1,957,000 and \$3,128,332 within other post-employment benefits liability on the statements of net position, for its proportional share of the net pension liability for PSERS and SERS, respectively. The net pension liability was measured as of June 30, 2023 for PSERS and December 31, 2023 for SERS, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The College's proportion of the net pension liability is based on a projection of the College's long-term share of contributions to the pension plan relative to the projected contributions of all participating institutions, actuarially determined. At June 30, 2023 and December 31, 2023, the College's proportion of PSERS and SERS was 0.0044% and 0.0148%, respectively.

Actuarial Assumptions

The following methods and assumptions were used in the actuarial valuations for the year ended June 30, 2024, unless otherwise stated. These methods and assumptions were applied to all periods included in the measurement:

PSERS

Actuarial cost method	entry age normal level % of pay
Investment rate of return	7.00%, includes inflation at 2.50%
Salary increases	effective average of 4.50%, which reflects an allowance for inflation of 2.50%, real wage growth of 2.00% for real wage growth and for merit or seniority increases
Mortality rates	Mortality rates were based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for males and females, adjusted to reflect PSERS experience and projected using a modified version of the MP-2020 Improvement Scale

SERS

Actuarial cost method	entry age
Amortization method	straight-line amortization of investments over five years and amortization of assumption changes and noninvestment gains/losses over the average expected remaining service lives of all employees that are provided benefits
Investment rate of return	6.875% net of manager fees including inflation
Projected salary increases	average of 4.55% with range of 3.30% - 6.95% including inflation
Inflation	2.50%
Mortality rate	projected PubG-2010 and PubNS-2010 Mortality Tables adjusted for actual plan experience and future improvement for retirees, beneficiaries, and survivors and rates determined by SERS actuaries using actual SERS experience for pre-retirement active members
Cost of living adjustments	none (ad hoc)

PSERS

The long-term expected real rate of return on pension investments is determined using a building-block method in which best estimates of ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of real rates of return are summarized at June 30, 2024, in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Rate of Return</u>
Global Public Equity	30.00%	5.20%
Private Equity	12.00%	7.90%
Fixed Income	33.00%	3.20%
Commodities	7.50%	2.70%
Absolute Return	4.00%	4.10%
Infrastructure/MLPs	10.00%	5.40%
Real Estate	11.00%	5.70%
Cash	3.00%	1.20%
Financing (LIBOR)	(10.50)%	1.20%
	<u>100.00%</u>	

SERS

Some of the methods and assumptions mentioned above are based on the 17th Investigation of Actuarial Experience, which was published in January 2011 and analyzed experience from 2006 through 2010. The long-term expected real rate of return on pension investments is determined using a building-block method in which best estimates of ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of real rates of return are summarized, at June 30, 2024, in the following table:

<u>Asset Class</u>	<u>Total Allocation</u>	<u>Long-Term Expected Rate of Return</u>
Private equity	16.00%	6.00%
Real estate	7.00%	4.80%
U.S. equity	31.00%	4.85%

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2024

For both PSERS and SERS, the discount rate used to measure total pension liability was 7.00% and 6.875%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at actuarially determined rates as set by statute. Based on those assumptions, the Defined Benefit Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected investment rate of return on Defined Benefit Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Position Liability

For PSERS, the College's net pension liability at June 30, 2024 is \$1,957,000 using a 7.00% discount rate. The College's net pension liability would have been \$2,537,000 assuming a 1%-point decrease (6.00%) in the discount rate and would have been \$1,468,000 assuming a 1%-point increase (8.00%) in the discount rate.

For SERS, the College's net pension liability at June 30, 2024 is \$3,128,332 using a 6.875% discount rate. The College's net pension liability would have been \$4,023,036 assuming a 1%-point decrease (5.875%) in the discount rate and would have been \$2,372,701 assuming a 1%-point increase (7.875%) in the discount rate.

Defined Contribution Plans

The College also sponsors one defined contribution plan, and as such, benefits depend solely on amounts contributed to the plan plus investment earnings. Full-time faculty and administrative employees are eligible to participate from the date of employment, and clerical employees have a one year waiting period. Participation is mandatory for full-time faculty and administrative employees upon reaching the age of 30 or after two years of employment, whichever is the later date. Participation is mandatory for full-time classified and confidential employees upon reaching the age of 30 or after four years of employment, whichever is the later date. Part-time faculty may participate after earning four seniority units, as defined in the collective bargaining agreement. College policy and collective bargaining agreements require that both the employee and the College contribute amounts, as set forth below, based on the employee's earnings.

The College's contributions for each employee (and interest allocated to the employee's accounts) are fully vested. Death benefits for value of accumulation are provided to the beneficiary of a participant who dies prior to retirement. Various payment options are available. The College has 977 employees participating in this program.

The payroll for employees covered by the three plans was \$78,504,296 and the College's total payroll is \$79,190,152 at June 30, 2024. Contributions made by the College for the year ended June 30, 2024 are \$6,210,013, representing 7.91% of covered payroll. College employees contributed \$4,681,461 for the year ended June 30, 2024.

A summary of retirement benefits follows:

Type of Employee:

Full-time faculty	10% of base contract
Visiting lecturers	5% of base contract
Part-time faculty	5% of all earnings
Administrators and other staff	10% of base contract
Others	10% of annual salary
Employee contribution	5% of base salary

Post-Employment Benefits (OPEB)

Program Description

The College provides OPEB to eligible retirees of the College and their spouses. Health benefits include medical, prescription drug and dental coverage. Retirees and spouses are eligible to continue coverage for life as long as the retiree premium rates are paid. Life insurance benefit continues until age 65. Spouses are not covered. Life insurance benefit is determined as follows: Administrators = 2.5 times last annual salary, rounded up to next \$1,000; Faculty, Classified, Confidential = 2 times last annual salary, rounded up to next \$1,000; Faculty on Pre-Retirement Half-Time Workload Option = 4 times last annual salary, rounded up to next \$1,000. These healthcare benefits are funded by a single employer plan.

Eligibility

Participants must be at least age 62 with 10 years of full-time service and have attained age plus service being greater than or equal to 77.

Funding Policy

Post-employment benefits other than pensions stem from the College's three collective bargaining agreements. For the year ended June 30, 2024, the College paid \$3,881,292 on behalf of the retirees and spouses. The College pays 100% of the premium for coverage for retirees until the end of the contract year in which the retiree attains age 65. Thereafter, the retiree pays 50% of the total premium, less the Medicare Part B premium. Pre-65 and post-65 retirees pay 50% of active medical benefits for pre-65 spouses. Post-65 retirees pay 50% of the premium for the coverage of post-65 spouses, less their Medicare Part B premium. Pre-65 retirees pay 0% of the premium for the coverage of post-65 spouses (the College pays 100% of their premium). Surviving spouses must pay 100% of the premium for coverage without getting reimbursed for Medicare Part B premium if over 65. Retirees on Medicare disability are given the Medicare Part B reimbursement regardless of age. The College pays 100% of the premium for retired post-65 part-time teachers and their spouses.

Mortality Table: The Pub-2011 Public Retirement Plans Teachers mortality table projected generationally with Scale MP-2021 for faculty participants and Pub-2011 Public Retirement Plans General mortality projected generationally with Scale MP-2021 for all other participants.

Discount Rate: 3.86% for determining June 30, 2024 disclosure and estimated 2025 expense.

Discount Rate Determination Method: Under GASB 75, the discount rate for unfunded plans must be based on a yield or index rate for a 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. Rates were taken from the Fidelity 20-year GO AA Bond index as of the measurement dates.

A one-percentage point change in the discount rate and assumed health care cost trend rates would have the following impact on the liability for post-employment benefits obligations at June 30, 2024:

<u>Discount Rate Change</u>	<u>1% Decrease</u>	<u>1% Increase</u>
Net OPEB Liability	\$ 177,599,588	\$ 133,860,202

Retirement Incentive Program

Effective September 1, 2014, the collective bargaining agreement provides for a retirement incentive for full-time employees at age 63, 64 or 65 with at least 20 years of service. The incentive payment is a percentage of final pay based on years of service. 17 employees will receive the incentive payment during fiscal year 2024-25. The present value of these payments is \$1,318,842.

NOTE K - COMMITMENTS AND CONTINGENCIES

The use of grant monies received is subject to compliance audits by the disbursing governmental agency. The College believes it is in compliance with all significant grant requirements.

The nature of the educational industry is such that, from time to time, the College is exposed to various risks of loss related to torts; alleged negligence; acts of discrimination; breach of contract; labor disputes; disagreements arising from the interpretation of laws or regulations; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. While some of these claims may be for substantial amounts, they are not unusual in the ordinary course of providing educational services. The College addresses these risks by purchasing commercial insurance. The College's retention of risk is limited to the deductibles on its insurance policies, which range from \$0 to \$150,000 per claim depending on the nature of the claim.

There have been no significant reductions in insurance coverage from the prior year. There have been no instances where a settlement amount exceeded the insurance coverage for each of the last three years. It is not expected that the resolution of any outstanding claims and litigation will have a material adverse effect on the accompanying financial statements.

The College's Collective Bargaining Agreement with Faculty and Classified employee unions expired on August 31, 2024. The College and the Federation are currently negotiating the terms of successor Collective Bargaining Agreements.

NOTE L - OPERATING EXPENSES

The College's and component unit operating expenses, on a natural-classification basis, were comprised of the following for the year ended June 30, 2024:

City of Philadelphia	48,042,033	19,959,425
	\$ 82,385,320	\$ 24,688,807

NOTE N - PASS-THROUGH GRANTS

The College distributed \$25,009,712 during the year ended June 30, 2024 for student loans through the U.S. Department of Education Federal Direct Loan Program. These distributions and related funding sources are not included as expenses and revenues, nor as cash disbursements and cash receipts in the accompanying financial statements.

NOTE O - NEW MARKET TAX CREDITS (CAREER AND ADVANCED TECHNOLOGY CENTER PROJECT)

On April 5, 2018, the Board of Trustees of the College approved a Resolution authorizing the West Regional Center Expansion. The West Regional Center Expansion is a capital project consisting of the development, construction, improvement, furnishing, equipping and fit out of a new building of approximately 75,000 square foot on land owned by the College in West Philadelphia. The building is being referred to as the Career and Advanced Technology Center (the "CATC").

The construction of CATC is supported by several mechanisms that include tax-exempt and taxable municipal bonds, Pennsylvania Department of Education capital funding, Redevelopment Assistance Capital Program grants and NMTC. On August 15, 2018, the Pennsylvania Department of Education approved the College's application for State assistance for the construction of community college facilities to expand the West Regional Center. The Department provided \$10,000,000 towards the capital expense of this Project in the form of debt service for the Series 2019 bonds, with the remainder to be financed by local sponsorship and other sources.

On May 8, 2019, the College successfully issued \$9,155,000 Series 2019 bonds with a premium of \$1,028,784 for total proceeds of \$10,183,784. The Series 2019 bonds were issued to assist with the construction of the CATC.

For additional funding of the CATC, the College utilized NMTC by which investors provide capital to community development entities ("CDEs"), and in exchange are awarded credits against their federal tax obligations. The NMTC program offers credits against federal income taxes over a seven-year period for Qualified Equity Investments in designated CDEs pursuant to Section 45D of the Internal Revenue Code in order to assist eligible businesses in making investments in certain low-income communities.

The CATC is located at 4750 Market Street, Philadelphia, Pennsylvania, within a census tract that constitutes a "low-income community" and therefore qualified for the NMTC program. CCP Development, LLC (the "LLC") was established as a QALICB and serves as the leveraged loan lender for the NMTC transaction. The LLC was allocated \$25,945,000 of NMTC's from three separate CDEs which invested in the CATC.

**Community College of Philadelphia
(A Component Unit of the City of Philadelphia)**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2024

As part of the NMTC transaction, an investment fund (“the Fund”) was established and funded through an investment of NMTC equity from an investor (“Fund Investor”). The Fund invested in the three CDEs which made loans to the LLC on December 9, 2020 in the aggregate amount of \$25,945,000.

The construction of the CATC building was completed in August 2022 and leased to the College per the Master Lease Agreement between the LLC and the College. The College is responsible for all operating and maintenance costs of the CATC since completion. The base rent of \$137,500 is due quarterly on the first day of February, May, August and November. The College plans to exercise its option to terminate the lease arrangement at the end of the seven-year tax credit investment period at which time a one-time base rent payment in the amount of \$90,000 shall be made on December 9, 2027. A one-time base rent payment in the amount of \$66,000 shall be made on February 1, 2028. Quarterly payments due on payment dates occurring during the period beginning May 1, 2028 and ending on November 1, 2028, shall be in the amount of \$156,000.

Interest on the three loans is paid by the LLC, commencing on February 5, 2021, at 1.836% per annum. The notes all mature on November 1, 2050 with interest only payments through October 31, 2028 and principal and interest payments from February 5, 2029 and continuing each annual payment date thereafter through and including August 5, 2050. The College provided a limited payment guaranty and completion guaranty to the CDEs to secure the loans.

The loan receivable and related interest receivable from the Fund to the College are recorded as a loan receivable within the statement of net position. The LLC recorded the three loan obligations owed to the CDEs as notes payable within the statement of net position.

NOTE P - SUBSEQUENT EVENTS

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Board of Trustees
Community College of Philadelphia
(A Component Unit of the City of Philadelphia)

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (“*Government Auditing Standards*”), the financial statements of the business-type activities and the aggregate discretely presented component units of the Community College of Philadelphia (“the College”), which comprise the statement of financial position as of June 30, 2024, and the related statement of revenues, expenses, and changes in net position, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 24, 2024.

Report on internal control over financial reporting

In planning and performing our audit of the financial statements, we considered the College’s internal control over financial reporting (“internal control”) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College’s internal control. Accordingly, we do not express an opinion on the effectiveness of the College’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College’s financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on compliance and other matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this report is not suitable for any other purpose.
